

Kennedy, De Gaulle Conclude Talks On Hopeful Note

THIRTY-DAY FORECAST — These maps, based on those supplied by the U.S. Weather Bureau, forecast predicted precipitation and temperatures for the next 30 days.

May Just Missed Being 'The Coldest'

May did not have the coldest average temperatures on record but it had the most nights with "below 30" readings of any May on record, District Weather Observer L. H. Copeland reported today.

It also had eight more nights of from 30 to 38 degrees, making it the lowest minimum ever recorded for that month. Copeland said the average minimum was 38.

He explained that had it not been for two days when the mercury rose into the 80's and 11 days in the 70's, last month would have also had the coldest average temperature for any May in the 68-year history of the Columbiana County weather station at Millport.

May, 1917, with an average of 51.5 degrees, was the coldest on record. The hottest May was in 1896 when the average temperature was 71. The low of 23 recorded last May 4 was only four degrees short of the all-time low of 19 above zero May 10, 1947, the weatherman said.

Last month had only 47 per cent sunshine, against the May average of 65 per cent.

Rainfall last month totaled 2.60 inches compared to 4.93 inches in May, 1960, and Copeland declared that "we still need above average rainfall and above average temperatures. He said that the first five months of the year

Dilworth Is Named E. Palestine Chief

EAST PALESTINE — Wallace F. Dilworth, 26, was appointed acting police chief today by Mayor Robert Harding. This follows the dismissal of Chief C. Richard Lotze on Thursday.

Dilworth has been a patrolman for the past three years. He lives on the Unity-Petersburg Rd. Letze, 32, disclosed today that he will file an explanation to the charges levied by the mayor by June 6, as ordered in the dismissal notice. The explanation will be heard by the local civil service commission.

At a hearing Thursday morning, the mayor read a list of nine charges against the former chief. The charges include subordination, conduct unbecoming a police officer, and failure to train members of his department.

The ex-chief was a member of the department five years and chief for three.

Soviets Predict Good Parley Results If --

Declare Acceptance Of Red Policy Only Hope for Peace

VIENNA, Austria (AP)—Guarded optimism emanated from the Soviet camp today that something useful might come out of the conference between President Kennedy and Premier Khrushchev this weekend—if Kennedy is prepared to accept the Soviet point of view on world problems as logical.

Local Communist bloc attaches who could be reached and the Soviet press in Moscow all voice the same message: That acceptance of Soviet policy offers the only chance for world peace and that the American viewpoint is not only wrong but a bit reprehensible.

Talking to Soviet officials is pretty much like reading Pravda, and that is the way it is in Vienna. Their point of view was summed up by Pravda, the Soviet Communist party newspaper, which said: "The people of good will realize that many difficult problems have accumulated during the course of the postwar period. Obviously they cannot be solved immediately, at one meeting."

"Yet the peace-loving public hopes that during the course of the forthcoming meeting of the two leading statesmen, the open expression of each other's points of view will be possible as well as the finding of points of agreement and the marking of further steps toward a rapprochement."

"Unfortunately," Pravda continued, "from the other side of the ocean voices are heard which cannot be regarded either as sober or clever."

The Moscow Literary Gazette added that "the political blindness of certain U.S. circles is indeed amazing."

Trades Class Is Lauded At Graduation

Dr. Byrl Shoemaker, state supervisor of vocational education, noted the progress made in vocational training in Salem when he spoke at the 27th annual commencement exercises of the Salem Trades Extension School Thursday night at the Memorial Building.

A dinner preceded the program when Dr. Shoemaker told the 23 graduates and may guests that Salem is one of the few areas where progress continues to be made in technical training and he noted that gains had been made despite economic difficulties.

He said he felt certain that the new Salem Technical Institute will be equally successful. Fifty are enrolled in this daytime school, 25 being in class when the other 25 are at "job stations" in industry. The Institute will start its last 12-week period June 7.

The trades extension classes, on the other hand, meet in the evenings at the high school building trades wing. All students are employed in district industry.

JFK, Khrushchev Confer Saturday

PARIS (AP)—President Kennedy said today he was concluding his three-day policy conference with French President Charles de Gaulle with a feeling "of confidence and hope."

Speaking at a press luncheon, the U.S. chief executive said the most striking impression he would carry from France was of the vitality and dynamism of the French people.

He said he was very happy to express publicly his appreciation of De Gaulle's qualities of leadership.

Referring to specific policy issues of the cold war, Kennedy declared the United States still hopes to reach agreement with the Soviet Union in Geneva on a treaty banning nuclear weapons tests.

Kennedy also praised Britain and France for their "wise and sympathetic policies" toward the newly independent countries which were their former colonies. He

Tragedy Mars Doctor's New Start In Life

PRATT, Kan. (AP)—Dr. Zane Gard's bright new start in life, after nine years of scrambling through school, turned to tragedy in an instant Thursday night. A big truck smashed into a station wagon carrying his wife and their five children.

Mrs. Gard was killed, along with two of the children and her father, Herbert Weseman of Mountain View, Calif. The other three children were hurt but in satisfactory condition. Three men in the big tractor-trailer truck were treated for shock, cuts and bruises.

Dr. Gard received his degree Wednesday night from the Kansas City College of Osteopathy. He and his family and his wife's parents set out about noon Thursday for Phoenix, Ariz., where he was to begin an internship at the Phoenix General Hospital.

Dr. Gard drove the station wagon on 268 miles from Kansas City to Pratt, pulling a four-wheeled trailer loaded with household goods. He developed a headache. Weseman took the wheel of the station wagon. Dr. Gard shifted to a car carrying Mrs. Weseman and another Mountain View couple, Mr. and Mrs. Lester Mast.

About five miles west of Pratt on U.S. 54, the trailer started whipping crazily behind the station wagon. Investigators said gusty winds may have caused it to jerk the station wagon across the highway into the path of the truck.

Dr. Gard rushed to the wreckage and picked his way from one to another of his loved ones. Becky, 4, died in his arms. Mrs. Gard, Larry, 11, and Weseman were dead in a few moments. Mrs. Gard was 28, her father 57.

Trujillo's Son Takes Over As Army Leader

Dominican Republic Calm; Hunt On For Dictator's Killers

CIUDAD TRUJILLO, Dominican Republic (AP)—Generalissimo Rafael Leonidas Trujillo was paid the tribute accorded heroes today.

His playboy son, Gen. Rafael Trujillo Jr., became the commander in chief of the 25,000-man armed forces of the Dominican Republic, the backbone of his father's absolute rule for 31 years.

Rafael Jr., 32—made a brigadier general at the age of 9 by his proud father—was appointed Thursday night by President Joaquin Balaguer and other government chiefs who served as front men for the generalissimo.

Young Trujillo's first job in preserving the family rule is to hunt down the small band of assassins led by a retired army general who ambushed the dictator Tuesday night as he was being driven from Ciudad Trujillo to his country estate. The elder Trujillo, 69, fell fighting with revolver in hand, a communique said.

The dictator was to take his last ride today from this capital city, whose ancient name of Santo Domingo he changed to memorialize himself.

The body lay in state in his luxurious home in the capital during the night, then was moved to the lobby of the National Palace stacked with flowers.

The burial will be in San Cristobal, 18 miles away where Trujillo was born and worked in a mill before embarking on his military path to power and vast riches.

Archbishop Octavio Bera, ranking prelate of the Roman Catholic Church with which Trujillo fought in recent years, was to officiate at the services.

11 Oil Firms Are Fined for Price Fixing

HAMMOND, Ind. (AP) — Fines totaling \$425,000 on a federal charge of gasoline price fixing were imposed Thursday on 11 major oil firms, four of which announced immediately they would appeal.

Federal Judge Luther M. Swygert set the fines after upholding jury conviction of the firms on charges of conspiring to rig gasoline prices in 1957 in the North Bend-Mishawaka area of southwestern Indiana.

A 12th defendant, Gulf Oil Co., won an appeal from the verdict of last Dec. 30.

Maximum fines of \$50,000 each were imposed on Standard Oil of Indiana and Central West Oil Corp., a Pure Oil subsidiary.

Other fines were against Socony Mobil, \$45,000; Ohio Oil, \$45,000; Phillips Petroleum, \$45,000; Cities Service, \$45,000; Texaco, \$45,000; Shell, \$45,000; Hudson, \$30,000; Tornado, \$20,000, and Pacer, \$5,000.

Judge Swygert said an estimated 7-cent-a-gallon increase cost consumers about \$350,000 a month in the Mishawaka area alone.

Spokesmen for Standard Oil of Indiana, Mobil, Ohio Oil and Texaco said immediately they would appeal.

'Freedom Riders' Gather In Alabama

By The Associated Press
New groups of "Freedom Riders" gathered in Montgomery, Ala., today even as the Justice Department awaited an answer to its demand for an injunction to protect the riders from mob violence.

U.S. Dist. Court Judge Frank M. Johnson Jr. was expected to give his decision today on the federal government's request for a no-violence restraining order against Montgomery police authorities, two Ku Klux Klan factions and four individuals.

Also pending before the court were counter requests to prohibit Freedom Rider groups—including the Congress of Racial Equality—from interfering with interstate bus travel.

Johnson earlier dismissed a Justice Department injunction request against Birmingham police authorities and one KKK faction. The new Freedom Riders — four white persons and seven Negroes — arrived in Montgomery late Thursday with the announced intent by most of them to make a new integration attempt before leaving for Jackson, Miss., and New Orleans.

In Mississippi, acting Gov. Paul Johnson urged residents of the state to let the law take its course. Jackson police have arrested 52 integrationists. Of this group, 10 have been released but the rest are taking part in a hunger strike which they vow will continue until federal authorities intervene to end segregation in bus and rail facilities throughout the South.

Woman Sues City For Fall at Pool

A suit for \$35,000 for personal injuries suffered in a fall at the Centennial Park Swimming Pool was filed in Common Pleas Court at Lisbon Thursday by Mrs. Mollie Hack, 33, of 1240 E. 3rd St.

The city of Salem was named defendant.

Mrs. Hack claims that on July 4, 1959 after swimming at the pool, she slipped while walking through a rubber tray containing disinfectant fluid, fracturing her right knee cap and injuring muscles and ligaments. She claims the city was negligent in not changing the fluid which, she asserts, became slimy, causing her to slip.

Miller Election Expected As GOP National Chairman

WASHINGTON (AP) — Republicans today elect Rep. William E. Miller their new national chairman to carry out the "clear mandate" Gen. Dwight D. Eisenhower says the GOP has to attack President Kennedy's program.

Miller, 47, of New York state, is expected to be chosen at a national committee meeting to succeed Sen. Thurston B. Morton of Kentucky. Morton is retiring to run for reelection to the Senate.

County Commissioners Meet With Mayors

Six Columbiana county mayors and two county commissioners met Thursday evening in Lisbon Village hall, with Mayor Ralph Kennedy of Leetonia, president of the County Mayors Association, presiding.

A discussion was held on planning and zoning and the mayors will present a petition to the commissioners urging them to set up a county planning and zoning committee.

They also discussed the opening of the river-lake road.

Attending were Commissioners Walter Hunston of East Palestine and Galen Greenisen of Salem, Mayors Kennedy, Dean Stockman of Lisbon, E. G. Calvin of Columbiana, Donald Vignon of Washingtonville, Kenneth Leshman of Salineville and Ernest Phillips of Summitville.

The Mayors' next meeting will be July 6 at village hall in Lisbon.

Eight-one prisoners were released during the month. Four were conveyed to state institutions and four mental patients were taken to state hospitals. There were 207 visitors at the jail.

A total of 3,010 meals was served at a total cost of \$937.62, making the average daily cost per prisoner 93 cents.

Kenneth Williams and Willis Coleman are co-chairmen. Chief of Police Dalton Pike urges all area motorists to take advantage of the free, voluntary safety-check. "This check gives every motorist a chance to do his part in making our community a safer place to live," he said.

Columbiana Makes Plans For Religious Census In Fall

COLUMBIANA — Initial plans for a fall religious census, tentatively Sunday, Sept. 24, were laid when representatives of seven area churches met recently to consider details for the survey—the first in about five years.

Albert Wakefield, elected general chairman for the census committee, said its purpose is to furnish vital information for each participating church regarding area residents interested in each denomination and to evaluate religious progress in the community since the time of the last canvass.

Other committee officers elected at the organizational session are: Robert Reash, vice chairman; Mrs. Virgil Blosser, secretary; Charles Dotson, personnel, and James Sittler, publicity. Next meeting of the committee will be Monday, June 19, at 8 p.m. in the First Methodist Church.

"ON DISCIPLINE" is the program topic for the meeting of the Miriam Circle of the Presbyterian Church Tuesday at the

church. Taking part in the program will be Mrs. Sara Churchfield, Mrs. Helen Barrow, Mrs. Ann Lower and Mrs. Helen Stacey. Girl Scouts will be hostesses for the meeting. Devotions will be conducted by Mrs. Winnie Urbach.

Men of the stadium scholarship dormitory at Ohio State University have elected Thomas Logan, a 1960 graduate of Columbiana High School, as treasurer of the dormitory for the academic year 1961-62. MRS. JOHN ECKHARDT of Columbiana was elected secretary-treasurer for the following year at the annual Snyder family reunion, held Tuesday at North Lima. Norman Snyder of New Middletown is president.

Ohio House Okays Bill To Create 24th District

COLUMBUS, Ohio (AP)—Ohio's 24th congressional district appeared to be in the making today in southwestern Ohio.

The new district—which would be made up of Butler County from the 3rd District, Warren County from the 7th and Clermont County from the 6th — was approved Thursday on a 98-33 vote in the Republican-controlled Ohio House.

It would solve a serious overpopulation situation in the present 3rd District made up of Montgomery and Butler counties, but would leave untouched the overpopulation problems in the 12th District (Columbus), 14th District (Akron),

and the 11th District in extreme northeastern Ohio.

Ohio became eligible for a 24th member in the U.S. House on the basis of a population increase shown by the 1960 census.

The new district, if the bill creating it should pass the Senate and receive what appears to be the unlikely approval of Democratic Gov. Michael V. DiSalle, would have a population of about 345,000, nearly 70,000 below the size of the "ideal" district.

In a normal political year, it would be Republican. The measure is sponsored by Reps. Charles H. Jones and Walter E. Powell, Butler County Republicans.

The Doctor Says

By DR. H. T. HYMAN

Chewing Tobacco Still Cancer Peril

Q—I have read that cigarette smoking causes cancer of the lungs. If I switch to chewing tobacco will I be safe?

A—No. Statistical evidence strongly suggests that the incidence of cancers of the mouth is much higher in chewers than nonchewers. The cancer-producing substance (carcinogen), whatever its nature, is apparently present in the leaf rather than the other products that go into the manufacture and processing of a cigarette.

You may be interested to know that, according to my last advices, the ingredients of popular brands of cigarettes include such substances as glycerin,

cocoa, chocolate liquor, maple sugar, licorice, balsams of Peru and Tolu, Jamaica rum, cardamom, coriander, tonka and mace. So, you see, the problem of detecting the carcinogen is most complicated.

Q—Why have you never discussed the use of Krebiozen? Don't you approve? Or have you a closed mind, like most other doctors?

A—I HAVE HAD NO experience with Krebiozen and, since there are no reliable reports available for study, I cannot comment. I knew Dr. Ivy many years ago when he received the gold medal at an AMA exhibit while my colleagues and I won the silver award. Dr. Ivy impressed me as a dedicated, conscientious and completely honest scientist.

I know, too, that so-called Coley's serum, an early example of a substance obtained from bacterial toxin (in this instance, a special strain of streptococci), produced amazing results at times in my own hands. That is to say, the injection was followed by a tremendous reaction with fevers as high as 106 degrees and by tumor shrinkage. It was most impressive but NEVER CURATIVE, in my personal experience.

One can easily imagine that an enthusiast might well be carried away with the occurrence at the moment. A true "cure," meaning with no less than five years of careful follow-up observations, is quite another matter. A record of a consecutive series of these "cures," meaning a report of every treated patient with estimations of their progress or failure to progress, is essential to acceptance or rejection of claims.

THE COURSE of a malignancy cannot be influenced by claims alone, popular articles by non-medical science writers, books or court trials. And, while it is possible to discover a "cure" through the methods employed by the originators of Krebiozen, it would be most unlikely.

Incidentally, correspondents who speak of the closed minds of the medical profession with regard to cancer cures might give some reflection, to this assertion: No group would dance harder and longer in the streets than doctors in the event of a real cure.

Richard M. Coppock, 23, son of Mr. and Mrs. Guy L. Coppock, 912 N. Lincoln Ave., will be commissioned a second lieutenant in the U.S. Air Force following his graduation Wednesday from the United States Air Force Academy, Colorado Springs, Colo.

Coppock will receive a Bachelor of Science degree and the wings of an aerial navigator. He has held the position of cadet wing adjutant at the Academy. A 1956 graduate of Salem High School, Coppock was class valedictorian and received the Kiwanis Mathematics award and the American-Standard Co. scholarship that year.

At the academy he was named six times to the Superintendent's List, a recognition of scholastic and military excellence, and was a member of the Protestant Cadet Choir, class committee, professional ethics committee and on the staff of the Do Do, a cadet publication.

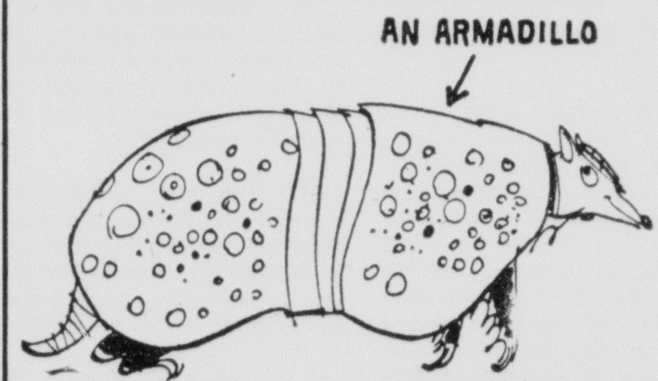

His first assignment after graduation will be to enter Air Force pilot training at Williams AFB, Ariz.

Pvt. John R. Williams, son of Mr. and Mrs. John Williams, 514 E. Chestnut St., Lisbon, participated in a joint Army-Air Force field training exercise at the Yakima (Wash.) Firing Center recently.

A ward orderly at the 51st Field Hospital at Fort Lewis, Wash., Williams entered the Army in June 1960 and completed basic training at Fort Knox, Ky. The 19-year-old soldier is a 1960 graduate of David Anderson High School, Lisbon.

Trujillo's 'Retirement'

The shock that follows the death of a well-hated man is taking the zip out of opponents of Generalissimo Rafael Leonidas Trujillo Molina, dictator of the Dominican Republic.

The general was 69 when the assassins finally got to him. He used to say the world would know about his retirement when it heard the news of his death. On that basis, his assassination can be regarded as his involuntary retirement.

Early in 1960, he cleaned out a group of plotters against his life, after their plot failed, and was reported to have put no less than 1,000 or more than 2,000 people in jail. Many were leading citizens of the country. The Roman Catholic bishops of the Dominican Republic spoke out strongly against him and his government. Trujillo had no lack of enemies.

Every American who can read or listen knows what the problem of Trujillo had become, as far as the United States was concerned. It was the same problem that plagued the United States when Fulgencio Batista was running Cuba with a steel fist.

IN THE ABSENCE of a strong dictator absolutely opposed to Communist infiltration, how long could the Dominican Republic be kept out of Communist hands?

It didn't take long when Batista was run out of Cuba. Some think Fidel Castro was a Communist from scratch; others think he was captured. In either event, Cuba now is dominated by Communists.

The Dominican Republic now is vulner-

able to the Communist Conspiracy for the good and simple reason it has no strong man to take Trujillo's place. Dictators cannot be appointed. They must earn the right to dictate by proving they can enforce their dictates.

It is not an agreeable thing to think about. Trujillo, himself, was not agreeable to think about. In this country, opinion about him was poles apart. He had friends and apologists in Congress and elsewhere who tirelessly tried to put a good face on his ugliness. He had enemies and detractors who tirelessly painted him three shades blacker than he was, which was black enough.

BUT LIKE MOST people in his profession, he had the benefit of almost no understanding in this country that believes all the world's ills could be cured by democracy—a cure-all Americans would not even think of swallowing for their own ills but which they prescribe for all others.

Under Trujillo, Dominicans knew next to nothing about freedom, democracy, liberty or a good life. It was a deplorable situation and cried for U.S. censure, which was forthcoming.

What Dominicans will know about next may make Generalissimo Rafael Leonidas Trujillo Molina, their late dictator, look like a liberator which is, in fact, what his poorer countrymen always thought he was, because he went through the motions of caring what happened to them, which was better than their historical fate of gross neglect and political contempt.

Peeling Off the Millions

Once more representatives and senators are being told by witnesses for the administration in power that they must vote a specified amount of U.S. money for foreign aid or the Communist goblins will eat us up, top knot to toe nail.

The amount this year, according to Secretary Rusk, is \$4,806,000,000.

He says we can afford this and that all who oppose it "must accept the consequences of their opposition."

The way it will turn out can be predicted without fear of an upset. After hemming and hawing, Congress will vote something less than the amount asked. This will be no setback to the administration because it asked for more than it had any idea off spending.

Taxpayers will be comforted by the illusion that prudence has been exercised at the congressional level—all except those perceptive enough to understand that prudence consists of something cagier than knocking a few million off a few billion. That's no more prudent than getting the salesman to knock \$50 off the price of a \$4,000 automobile.

THE REAL ARGUMENT over foreign aid is not how much money is appropriated, or even how much is spent. It is the foolish things that have been done with U.S. wealth in the name of helping the free world against the enslaved world.

The repetition of these horrible examples

of what happens when bureaucrats are given the right to peel off a few million here and a few million there to combat communism as they see fit has left the U.S. taxpayer no choice but to believe his money has been frittered away in a series of fantastic boondoggles.

The taxpayer willingly concedes that the principle of foreign aid is sound; that the practice has been sound on the whole—but that in part it has been atrociously unsound.

WHEN SECRETARY OF STATE Rusk, echoing the secretaries of state who preceded him in the Truman and Eisenhower administrations, says the United States can afford the money, he could have endeared himself to millions if he had added resonantly, "But by all that's holy, we can't afford the foolishness. It makes us look ridiculous whenever it happens, and this republic is being made to look foolish about three times oftener than it can afford to look that way."

If it turns out that Congress finally gives the foreign aiders only \$3,806,000,000 to spend instead of a billion more, the net effect will be to give them a billion less to peel off for all the foolish things, they will think of from next July 1 to July 1 a year from now.

And ultimately the free world will be saved by the enslaved world's disenchantment, not by U.S. foreign aid.

Someone Must Make The Move

The explanation offered to the House of Commons early in May for the mysterious disappearance of a secret document entrusted to the British admiralty by the U.S. Navy is so preposterous it may very well be true.

The British prime minister doubts that the document was stolen.

He doubts that espionage or treachery could have been involved.

A traitor or a spy would have copied the document and left it intact, to avert suspicion. A thief would have taken the entire file, instead of a single document from the file. Therefore, it may very well have been a case of mysterious disappearance, such as happens to the rest of us all the time.

What we thought we had right here—right here in this pocket—isn't there when we look

for it. We retrace our steps. We wrack our brains. Where did we put the thing? Did we put it down somewhere and run to answer the telephone? Or what? It's gone!

As far as we can remember, this is the first time a political notable ever made a plea of carelessness in behalf of a government. Perhaps under the circumstances, it was easier to do this than admit that Britain's loosey-goosey security system had let more U.S. secrets fall into the wrong hands.

But the fact remains that what happens to the rest of us isn't supposed to happen to governments. When they start to plead carelessness, they lose the authority that makes the rest of us pay attention to their edicts, especially edicts about secret information.

Once Over

By H. I. Phillips

"So the government wants to help business, end slump, get corporations going full speed ahead and put more people back to work!" exclaimed Mortimer Topblower. "I heard that way, too, but it ain't the way it looks in the news."

Wallops now being landed on biggest corporations in the nation ain't exactly tokens of friendship and best wishes.

DuPont and General Motors were still taking a compulsory eight-count when Department of Justice announced AT&T was being asked to take off all good conduct medals and come out fighting in purple trunks.

"You could have knocked millions of people over with a busy wire signal when they heard AT&T which ranked up there with the Fairy Godmother, King Arthur, Mothers Day, Horatio Alger and the Purity League was being investigated by Washington.

Any big corporation that ain't building a five-story wing to hold the necessary lawyers for running a business, helping the economy and trying to solve unemployment is nuts. Company that has 100 acres of shops should have at least 50 acres of attorneys."

"After dealing with duPont and G.M. it looks like America said 'What do we do for an encore' and got AT&T into the act."

Topblower didn't understand what the charges were. Probably allegations are (1)

Too many wrong numbers (2) Giving bad weather forecasts through the company TV predictions (3) Refusing to go back to the old-fashioned telephone wall-set with crank; (4) Refusal to tell public whether all those men on top of telephone poles are wire repairmen or bird watchers. (It's a tough life if you're in business and doing great.)

"I'd LOVE to Hear Your Latest Composition"

Inside Labor By Victor Riesel

One of a series of federal probes of Jimmy Hoffa's teamsters has just ended in a crack-down on the man who runs the powerful Chicago-Midwest sector of the "brotherhood".

Victor Riesel, lieutenant of Hoffa's—Joey Glimco, arrested over a score of times, twice on charges of murder and once convicted of larceny. Glimco, who will supply many votes at the teamsters convention in Miami Beach July 3rd, apparently has a sense of whimsy.

There was the moment, for example, when Glimco showed real solicitude for a leader of an opposition group called the Democratic Union Organizing Committee. It has been attempting to oust Glimco from control of the 5,000 member Chicago taxi Local 777.

Glimco ran into this opposition organizer during the labor board proceedings involving the teamsters.

"You are a nice guy," said Glimco to organizer Ed Hicks, "you want to live a long time."

LEST THIS SUBTLETY be lost on Hicks, one of Glimco's musclemen gilded the lily with the Shakespearean observation that, "Life is sweet, isn't it?"

With the heroism which comes suddenly to men standing alone against odds, Hicks retorted, "You can only kill me once."

Hicks knew he was talking to

toughness incarnate — for Glimco is an old friend of Paul (The Waiter) Ricca and others in the syndicate's executive suite.

But Hicks and his group continued to fight Glimco, who officially is head of Chicago hackies Local 777. This wasn't easy. For several years now — and all this is certified by the National Labor Relations Board record — the opposition was punched from behind, shoved around in coffee shops, brutally terrorized, and told to shut your mouth "or we will keep it shut for you."

Rank and file taxi drivers were told by the Glimco officialdom not to read the Democratic Union group's literature, not to go to their meetings and not to listen to their organizers — or they'd lose their jobs or worse.

GLIMCO really showed genius in psychological warfare. He decided to shadow the opposition. And not surreptitiously. For this he used a white Cadillac.

This was more than a status symbol. It could be seen clearly at night by the opposition leaders, who were headed by Dominic Abata, former president of Local 777 who quit some time ago and later told the McClellan committee under oath that the local was corrupt.

Abata set up the Democratic Union Organizing Committee to help free the Chicago hackies. This was in April, '59. From then on he "was almost continuously followed around streets of Chicago by agents" of Glimco's Local 777 according to government investigators.

At about the same time the Glimco crowd hit on the idea of watching the apartment of one of the opposition leaders... the same Ed Hicks. Glimco's man would stand there for as long as

five hours at a stretch.

Nor was there anything secretive about all this terror. Some of it happened right at Chicago's Midway airport. Some in front of the big railroad stations. But always so that other taxi drivers could see the untrammelled and unpunished bullying.

The Democratic Union group stuck it out. It takes guts. Especially since the public did not seem to care.

FINALLY the National Labor Relations Board, two weeks ago, ruled that there would have to be government-run secret elections among the employees of two big Chicago taxi fleets. A few days ago word came that the elections must be held soon—probably during the last weeks in June. But that's not the story's end.

After a two-year fight, the Democratic Union forces may oust Glimco. But what will dissipate this sort of bullying of opposition inside the Teamsters? Jimmy Hoffa is running a mighty legal convention and wants to run it smoothly in the 4½ days during which he has the teamsters' hotel reservations. He goes in on Monday right after the Elks and must be out Friday afternoon to make way for the Shriners.

He's fretting lest some opposition roll call will delay the parley and force the 2,000 delegates into the chaos of shifting quarters and convention hall. There is opposition — in New York, in Newark, Chicago, Cincinnati and the West Coast. But who will dare stand up and ask to be counted under the nose of the regional Glimcos of the brotherhood? The convention will end on time—and exactly as expected.

Unnecessary Violence

By DAVID LAWRENCE

Wrong Approach Taken In 'Riders' Case

Were the Freedom Rides really necessary? Could not the same objective have been accomplished by the Kennedy administration in another way and could not mob violence thus have been avoided?

These questions are asked because Attorney General Robert Kennedy has petitioned the Interstate Commerce Commission to issue resolutions banning segregation in waiting rooms, restrooms and restaurants at bus stations throughout the country.

Why wasn't this approach taken in the first place? Just after the Supreme Court's 1954 decision, the Interstate Commerce Commission in 1955 ruled that segregation of interstate passengers on trains and buses was unlawful.

Since the 1955 regulation was apparently inadequate and didn't cover restaurants or restrooms, it would have been a simple matter for the attorney general to ask for the issuance of a broader regulation and this could have been publicized widely.

Then any Freedom Rides would have been unnecessary because, if there were any violation, it would have been a routine procedure to ask the federal court to issue an injunction against those who disregarded the federal regulations.

The language of the attorney general's petition indicates clearly that he finds the 1955 regulation is not detailed enough. The attorney general says:

"Recent events that have taken place in certain states have disclosed a breakdown of guarantees of nondiscriminatory transportation to passengers in interstate commerce."

"The promulgation of rules and regulations by the Interstate Commerce Commission is necessary to create order out of chaos, to lessen the possibility of mob action further disrupting the free flow of commerce and threatening the safety of passengers. . . . to guarantee to all passengers their rights under the Interstate Commerce Act, and to vindicate those rights against inconsistent and unlawful action by state and local authorities."

"The lack of rules and regulations clearly enunciating the rights of all passengers in traveling on interstate motor carriers and clearly setting forth their rights in waiting room facilities, restroom facilities and eating and drinking facilities, has given rise to confusion on the part of the motor carriers as to their duty to their passengers and has contributed, and will continue to contribute, to unrest and civil disorder."

"The Department of Justice has received complaints, and can present evidence, of many instances of discriminatory treatment of passengers on motor carriers in interstate commerce."

ALL THIS merely deepens the mystery. Here was a course of action which the federal government might well have taken earlier this year when it first learned that the Freedom Riders were plan-

ning an "invasion" of Mississippi and Alabama.

Did the Department of Justice tell the Freedom Riders about it, or did officials there close their eyes to plans for incitement of the populace which was inevitable if the demonstrations were permitted?

It will be recalled that Mayor Robert Wagner recently denied a permit to George Rockwell, champion of Nazi doctrines, when he wanted to conduct a mass meeting in New York City and bring on a similar type of demonstration.

It begins to look as if the Department of Justice, which is headed by the President's brother, either did not know what it could do through an Interstate Commerce Commission regulation or hesitated to interfere with the Freedom Riders propaganda plans.

The mere request by the department for such an order would have certainly put the Freedom Riders on the spot, and they might have been prevailed upon to wait for the regular processes of the law to be carried out.

With all the loud talk heard nowadays about "obeying the law" and giving "adherence" to the processes of "law and order," it is surprising that the Department of Justice, knowing of the possibilities of violence, didn't exert itself to prevent the demonstrations of violence at the source.

If the department has the power, as it now claims, to send U.S. marshals to take care of local disorders, it might be assumed to have the power to enjoin Freedom Riders from provoking violence in bus terminals.

THE HANDLING of these matters gives an impression of impulsiveness and of failing to think things through. As it is, American prestige has been permitted to get some unfavorable publicity abroad.

There have been, according to Sen. Eastland, some Communist sympathizers active in connection with the Freedom Riders crusade and, while the Communists, of course, don't originate these controversies, there is reason to believe that the Communist apparatus does help to keep the pot boiling.

All this would have been avoided and the United States would have given the world a splendid example of how to deal with the segregation issue by lawful methods if the Department of Justice had been alert in the first instance and if it had persuaded the Interstate Commerce Commission several weeks ago to issue the necessary orders about interstate travel, restaurant service and the use of restrooms in the bus terminals.

Incidentally, there is only one Supreme Court decision which throws some legal doubt on any of these matters.

Strangely enough, the U.S. high court refused not long ago to disturb a federal court decision which said that restrooms in the state court house at Norfolk could remain segregated. Just why federal judges themselves and their staffs were given in this instance the legal privilege of "separate but equal facilities" is indeed a mystery.

Obnoxious Remarks

By HAL BOYLE

NEW YORK (AP)—Remarks a television cowboy star gets tired of hearing:

"Of course this horse is perfectly safe. He's 20 years old and has anemia."

"I know you hate being called Con O'Leary, but whoever heard of a cowboy named Reginald Van Bustard?"

"Put on your toupee. We're about ready to shoot."

"So what if someone did accidentally give you a black eye in that last barroom brawl? It'll only make the scene more realistic."

"I know cows make you nervous, but in this shot we simply have to put in a few. After all, you're supposed to be riding herd."

"Oh, no! Oh, no! Don't tell me the guy's gone and put his chaps on backward again."

"Now don't panic, Con, but

your stand-in is sick and couldn't show up. I'm afraid you'll have to ride the horse yourself today. But it'll be okay. We'll help you get on and off."

"Just walk up this step ladder slow and easy, put one leg over the saddle and—oops, he's fallen again."

"I don't know who the fastest gun in the West is, but I sure know who's the slowest."

"In the next scene, just as you are about to kiss the heroine, the horse sticks his head between you, and you kiss him square on the muzzle. So what if it isn't sanitary? It'll wow the audience."

"All right, Hamlet, get out of that velvet dressing gown and climb into your Levis. We've got a job to do."

"As I understand it, Con, the real old-timers gripped the gun in one hand, not two, and generally they didn't shut their eyes when they pulled the trigger. And, by the way, do you have to hold it like it was a pineapple?"

"Stop the camera, Jake, he's beginning to fall again. Whoa, boy, who!"

Pleading Advice

Dear Ann: I was so pleased to read your advice today because for years my husband has been telling me I'm nuts. Now I can show him your column and prove that people do get aches and pains when they are bothered by an emotional problem.

Every year when my husband's mother comes to visit I get an unbearable sideache. She has always treated my husband like a small child and made me feel that I could never do anything right. She rearranges the furni-

ture, takes my stove apart to "clean it properly" and relines all the shelves.

I keep hoping my husband will speak up in my behalf one day but he never has. How can a wife get her husband to be loyal to HER and break away from his mother's domination after 15 years of marriage? — CAUGHT IN ORBIT.

Dear C.I.O.: If, after 15 years, your husband has not taken your part there's little chance that you can change him.

On his mother's next trip why don't YOU speak up and tell her that you like the furniture where you put it, the stove as it is, and the shelves as you fixed them. These things are in your domain, not your husband's.

Perhaps if you issue a declaration of independence you can get rid of that annual sideache.

ONLY MODERN GAS HEAT gives you all 6 of these important advantages

Flameless Wire Heat

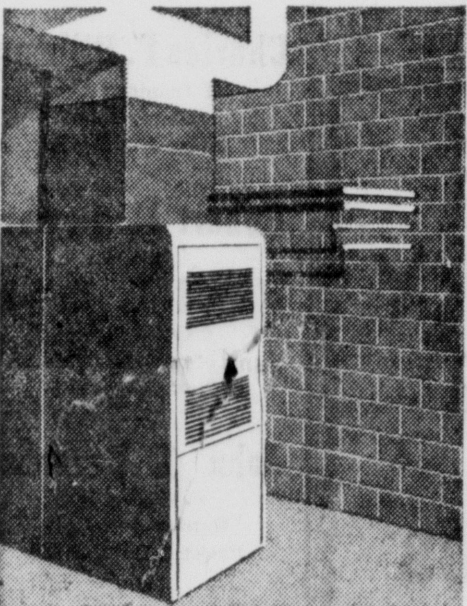

You can SAVE this much

GAS

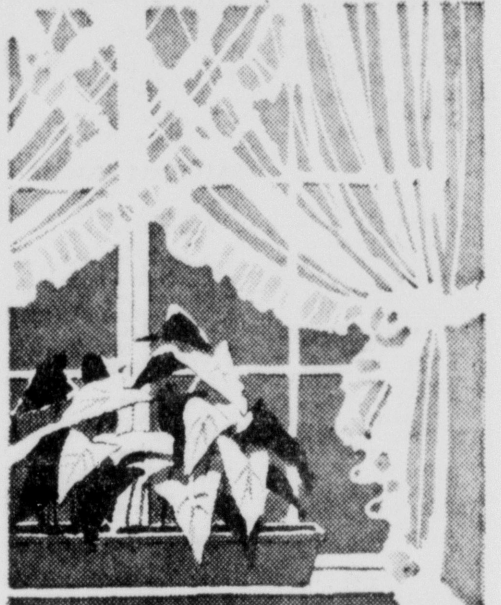

1. UNMATCHED ECONOMY. Heating your home with GAS costs only about 1/4 as much as wired heat. And you don't need excessive insulation. You can make good use of the money saved, and enjoy solid comfort in all rooms all the time.

2. HOUSE-WIDE COMFORT CONTROL WITH ONE THERMOSTAT. No need to run from room to room adjusting controls. No need to shut off rooms. A single thermostat controls the balanced temperature for all rooms.

3. HEALTHFUL FRESH-AIR HEAT. A GAS heating system uses fresh air to replace stale air in the home. This provides a fresh, healthful atmosphere.

4. SPIC AND SPAN CLEANLINESS. GAS burns clean . . . makes no smoke, soot or dust. The air is constantly filtered to remove household dust which some other heating systems cannot control.

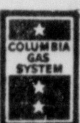

5. UNEQUALED DEPENDABILITY. No worries about fuel deliveries. The heaviest snow, the highest winds cannot interrupt your GAS service. Regardless of the weather, GAS will deliver healthful, comforting warmth.

6. EASY CONVERTIBILITY TO CENTRAL GAS AIR CONDITIONING. With a GAS forced air system you're half way to complete, year 'round air conditioning. A GAS Add-on cooling unit for your present system installs easily.

If you are not now enjoying all of these advantages, you're not getting full value for your heating dollar. GAS is today's best buy in home heating. That's why nine out of ten new homes in this area* are heated with GAS. *Where Gas is available

'Riders'

sioner L. B. Sullivan, defending his own acts and those of his officers, sharply denied the government's charge that police deliberately failed to protect the Freedom Riders.

When the riot began, Sullivan said, police were rushed to the bus depot as quickly as possible.

In other racial developments: The State Department is supporting the government's drive to wipe out race barriers in interstate transportation facilities. Secretary of State Dean Rusk said, in a letter to Atty. Gen. Robert F. Kennedy, race discrimination "prejudices our position before the world."

An African Negro, Kamara Cheik, was refused service at a Rapid City, S. D., restaurant while making a tour of the United States for the government of Guinea. However, the African highway engineer told his embassy that the incident was unfortunate but not serious.

A Birmingham, Ala., Negro leader, the Rev. F. L. Shuttlesworth, was convicted on two breach of peace charges growing out of Freedom Rides. In each case he was fined \$500 and sentenced to 90 days in jail. He said he would appeal.

The Freedom Rider movement drew support from many sources. Michael J. Quill of New York, head of the Transport Workers Union of America, contributed \$5,000 in union funds; a fund raising drive was started in San Francisco by eight men, including Episcopal Bishop James Pike, "to keep the freedom buses rolling;" and Lutheran clergymen from New York and New England announced their support at the closing session of a convention.

The group decided to hold a dance in the local hall at the fair grounds on June 30 and will make benches for the fair grounds as its project for this year.

Beginning in September, the library will be open each week day from 9 a.m. to 9 p.m.

Kennedy

its forces in Europe to guard the freedom of this part of the world.

"The United States of America intends to bear its full part," Kennedy told several hundred officers and civilians standing in the rain outside NATO military headquarters (SHAPE) just outside Paris.

Referring to U.S. participation in the two world wars and in the North Atlantic Treaty Organization, the President said the United States three times in this century had demonstrated that its own security "must inevitably be linked with the security of a free Europe."

"We are determined to maintain and strengthen the forces we now have stretched across Europe to defend this part of the world, whose security affects the security of our own country," Kennedy declared.

Kennedy visited the headquarters of U.S. Gen. Lauris Norstad, NATO's supreme commander, before his concluding talks with De Gaulle.

De Gaulle and Kennedy talked for an hour and five minutes then for the first time in their series of conferences were joined by top aides.

Joining the meeting were Secretary of State Dean Rusk, who arrived this morning from Washington; Soviet Affairs expert Charles Bohlen and Foy Kohler of the State Department; James M. Gavin, the U.S. ambassador to France; French Premier Michel Debre; Foreign Minister Maurice Couve de Murville and other high-ranking French advisers.

Previously the two presidents had conferred with only interpreters present.

The U. S. President flies to Vienna Saturday for a two-day conference with the Soviet leader. He intends to emphasize to Khrushchev that the Western Allies want to improve East-West relations and to negotiate a disarmament agreement but are fully determined not to yield to Communist threats or pressures on West Berlin or any other disputed point.

U. S. and French officials said Kennedy and De Gaulle were very pleased with the results of their talks. Diplomats reported that the 70-year-old French president obviously was favorably impressed with his 44-year-old ally.

Already their spokesmen have announced agreement on Berlin policy. It was understood the two leaders decided Kennedy would make clear to Khrushchev that the Western powers will protect West Berlin and defend fully their rights of access to the city across Communist East Germany.

The spokesmen reported Kennedy and De Gaulle discussed political and economic problems of Latin America and Africa at their sessions Thursday.

The U. S. President was believed to have expressed the hope that France would work for a larger European role in assisting the Latin-American countries to raise their living standards.

It was also believed he assured De Gaulle that the United States, contrary to some French fears, has no intention of expanding its own influence in Africa at the expense of French interests there.

in the middle of South Main Street in the business district. It missed cars and pedestrians, however. The store's top floor, used for storing merchandise like TV and hi-fi sets, got rain-soaked.

Other places unroofed included the Oregon municipal building and the Frazier Manufacturing Co., a Marion plastics firm.

Windows were blown out in some homes and businesses in Toledo, racked by wind gusts up to 75 m.p.h.

The screen of the Howland Drive-In Theater near Warren was bowled over but no one was reported injured. Several billboards toppled in Cuyahoga Falls.

Trees and phone lines were downed in Marion, Mount Gilead, Loudonville, Toledo, Mount Vernon, Fredericktown, Worthington, Westerville, Akron, Tallmadge and Medina, among other places.

Some of the falling trees blocked major arteries like U.S. 23 north of Worthington.

Streets were flooded in Tallmadge, outside Akron, and Ravenna.

Pea-sized hail accompanied the storm. But tornadoes, which the Weather Bureau said were possible, never materialized.

lion was outwardly calm; the news of the slaying had brought little show of shock. A few steel-helmeted infantrymen stood at street corners but otherwise there were no signs of unusual police or army activity.

The government—its outward composition unchanged because the generalissimo held no formal position in it—quickly pledged to carry on the domestic and foreign policies of the slain leader, especially "aid to the western democracies" and anti-Communist policies.

Extolling the dead dictator, it promised to adhere to his policy of nonintervention, "as well as invariable adhesion to the sentiments of friendship which the republic has always maintained for all nations of the free world."

All members of the government and leaders of all the armed forces signed the communique.

Rafael Jr. also was made a member of the cabinet as secretary of state without portfolio.

Retired Brig. Gen. Juan Tomas Diaz, once a close collaborator with Trujillo, was called the leader of the band of killers. Widespread reports that he had an armed band of supporters in the mountains brought an official denial from the war department.

Five other men were named as members of the assassin band. Informal sources said one or two of them have been captured or killed but some got away and were believed hiding in the mountains.

The U.S. government kept to a wait-and-see policy on the Dominican Republic before deciding action it could take to swing the Caribbean country toward democracy.

Foreign policy makers in Washington said developments would show whether the carryover right-wing Dominican regime is likely to become more moderate or face overthrow — and then Washington will know better how to apply leverage.

The 20-year-old German wife of a Minerva man is in fairly good condition today in Salem Central Clinic Hospital with injuries received in a one-car highway mishap this morning.

Mrs. Donald Dungan received possible back injuries, contusions and lacerations of both feet and lacerations of the scalp.

The husband, 21, driver of the car, told hospital officials his car spun around on wet pavement and turned over on a curve on Alternate Rt. 14, one and one-half miles west of Washingtonville, at 7 a. m.

The couple's three-month-old daughter, Angelica, was thrown from the car, but was unhurt.

Dungan said he had been released from military service in Germany recently. He was returning today from a trip to New York City to pick up his wife and child, who had made the journey from Germany, he said.

11:30 p.m. on Rt. 45, one mile south of Salem.

Mrs. McLaughlin was a passenger in a car driven by her husband, Carl E. McLaughlin, 68.

Patrolmen said McLaughlin drove his auto out of the Golf Course Road into the path of a northbound car being operated by Thomas E. Scheuring, 20, of 355 N. Roosevelt Ave.

Both vehicles received moderate damage, patrolmen said. McLaughlin was cited for failure to yield the right of way.

Minor damage was received by two cars involved in an accident on County Road 418, two and one-half miles northwest of Wellsville, at 12:35 p.m.

Patrolmen said the cars collided when Charles L. Cox, 36, of Salineville, attempted to pass with his westbound auto as George W. Swearingen, 57, of Wellsville, attempted a left turn with his westbound car.

reality," it continued, "they advise President Kennedy to continue from a position of strength."

Khrushchev is scheduled to arrive in Vienna this afternoon by train from Bratislava, Czechoslovakia, where he has been conferring with Communist leaders of Czechoslovakia headed by party boss Antonin Novotny.

Kennedy arrives on Saturday morning by plane from Paris, and the two leaders will meet for lunch at the American ambassador's residence. Their first talk will follow, until late afternoon.

The talks Sunday will be held in the Soviet Embassy, continuing until two hours before the President takes off in the late afternoon for London.

Renewed Soviet Demand

Although Austrian sources said this week that Khrushchev had assured U.S. Ambassador Llewellyn Thompson he would not force a showdown over West Berlin during the first year or so of Kennedy's administration, Pravda today renewed the Soviet demand for an early peace treaty with Germany and indicated the Soviets would sign a treaty with their East German satellite any time they pleased.

The Soviet formula for Germany calls for immediate peace treaties with West and East Germany, withdrawal of the Western allies from West Berlin to leave it to a Communist-surrounded, undefended "free" city, and reunification of Germany on terms giving Communist East Germany equal status with the larger and richer West Germany.

The Western formula calls for reunification of Germany by free elections in both parts of the country, elections in which the West and apparently the Soviets are sure the German Communists would be overwhelmed.

Unable to raise bond, he was committed to the county jail.

and redistribution costs at the state or federal level.

John M. Coleman, executive director of the Ohio Municipal League, endorsed the measures, agreeing with James that municipalities need additional tools of they are going to solve their own problems.

If they don't have them, he said, they will have no alternative but to keep returning to the state and federal governments for more money.

Coleman pointed out that cities and villages are getting smaller and smaller shares of property taxes. The municipal share of total real estate tax revenue in Ohio has dropped from 35 percent to 19 percent in 10 years he said.

A second hearing, for opponents of the measures, is expected to be held next week.

Detroit Tied 4-4 By Kansas City; Boston Wins, 7-5

Idle Cleveland Still 2 Down

Washington Trips Los Angeles;
Tigers Blow 3-0 Lead to Athletics

By The Associated Press
The Detroit Tigers were held to a 4-4 tie by Kansas City in a game called after 7½ innings because of rain Thursday and retained a two-game lead over idle Cleveland in the American League race. Boston beat New York 7-5 and Washington defeated the Los Angeles Angels 3-2 in the ninth inning on a passed ball by catcher Earl Averill with two out and a two-run pinch double by Gene Woodling.

The Senators were blanked on five hits for eight innings by Eli G. But when he gave up his fifth walk, to Chuck Hinton leading off the ninth, Manager Bill Rigney called in reliever Ryne Duren.

Duren walked Jim King, then struck out Willie Tasby. But the Senators pulled a double steal and Dale Long hit a sacrifice fly. Then came the third strike-passed ball that put Billy Klaus on base and the break up shot by Woodling, who hasn't played in two weeks because of a leg in-

jury. John Gabler, another ex-Yankee, won his second in relief of Joe McClain.

Tigers Blow Lead

The Tigers blew a 3-0 lead before salvaging the tie with the A's on two walks and a single by Al Kaline in the seventh. Kansas City had taken the lead with four runs in the fifth, two on Wayne Causey's home run, against Phil Regan. Norm Cash homered for Detroit, off Ray Herbert.

Veteran Vic Wertz puffed out his first triple in six seasons and drove in three runs for the Red Sox, bringing in the deciding run in the fifth inning. Bob Turley (3-3) was the loser. Bill Skowron drove in three runs with a pair of homers for the Yankees, who collected half of their 14 hits and four runs in the last two innings. Bill Monbouquette (4-5) was the winner. He gave up 11 hits in 7 2-3 innings, including Skowron's first homer—the first he had allowed in 76 innings.

Hot Stove Leagues

Signs of good league balance were evident in the Hot Stove Leagues last night as three of the seven games played saw the winning team come out on top by the margin of just one run and another fray wound up in a 12-12 tie.

The featured game of the night was in Class F where defending champion Farmers National Bank suffered its first defeat of the year at the hands of Electric Furnace who took over sole possession of first place with a 3-0 record. The Electric Furnace team is managed by Joe Wukotich, Jr.

The only other unbeaten team in Class F, Fisher News, has a 2-0 mark. Fisher's is managed by Tom Marsh and Gary Devan.

Here's the way things went last night:

Class E

Salem VFW built up a 7-0 lead in the first two innings, then had to hang on for dear life to win 8-7 over CIO 3816 (Eljer), who came battling back in the late innings.

VFW climbed on Eljer hurler Dave Capel for seven runs on three hits and six walks in the first two innings. Capel received little fielding support as his team committed five errors behind him in the first two frames. All told, Eljer bobbled the ball nine times before the evening was over.

Bink Washington hurled the last five innings for the losers and held VFW to just one more hit and an unearned run in the fifth.

Rick Sweitzer and Ken Marshall shared pitching duties for VFW.

Tom Hall of VFW and Tom Pim of Eljer each received credit for two runs batted in. Capel was the only batter with two hits in the fray.

Electric Furnace won its game from Farmers Bank by an 11-9 score while Eljer nipped Salem Stamping 4-3 in Class F.

Andy Pirack, Bob Rozeski, Chuck Alexander and Jim Lantz collected two hits apiece for Electric Furnace. A big five-run fourth inning paved the way to victory.

All the scoring in the Stamping-Eljer game came in just two innings. Eljer chased home four runs in the fourth inning on successive singles by Chuck Montgomery, Joe Rottenborn, Larry Uphold and Nick Gonatas and an infield error.

Stamping missed by one run of tying the score in the seventh when it pushed across three runners. Bill Kolozsi had a double and Tod Chappell, Larry Fisher and Bob Ehrhart each clubbed singles in the seventh for Stamping.

Gary Stoddard relieved starting hurler Joe Rottenborn with one out in the seventh for Eljer. He was touched for a hit and two walks but finally retired the side on strikeouts.

Eagles pounded out a 13-hit attack, including three belts apiece by Scott Annis and Val Altomare. Annis also did the hurling for Eagles and set nine batters down on strikes. He gave up only five hits, two of them to Rick Royle.

Italian Club was led by the hard hitting of Scott Thayer and Bill Smith, each of whom clubbed out a pair of extra base hits in the first two innings. Bill Karnofel collected three singles for Bricker's.

Hobbycraft defeated Stark's Colonial Attic 8-5 in the only Class A contest completed last night.

Merchants Vending and Ailes Ins. battled to a five-inning 12-12 tie. Hobbycraft crushed Stark's with a big six-run third inning.

A single by Neil Walker was the only hit in the frame. Five other batters who walked in the inning also romped home.

That single by Walker was the only hit Hobbycraft was able to garner off the offerings of Kent Smith and Danny Palmer who combined for 10 strikeouts.

Ailes shoved across six runs in the bottom of the fifth to tie Merchants Vending 12-12. Craig Anderson of Ailes pounded out a home run and Jim Shoff of three singles. Don Rambacher of Merchants Vending pulled off an unassisted double play.

Cuyahoga Falls to Host Fourth Annual North-South Cage Game

CUYAHOGA FALLS, Ohio (AP)—Some of Ohio's canniest coaches, as well as the best of the Buckeye boys, will be on display here June 17 at the fourth annual North-South high school basketball game.

A day-long clinic preceding the contest will feature talks by some of the state's most successful mentors. Hundreds of members of the sponsoring Ohio High School Basketball Coaches Association are due to attend the classes.

Cunningham Best in Class AA

The pair of 11-man squads are dotted with All-Ohio, high-scoring talent, including the "players of the year" from both Class AA and Class A. Ken Cunningham of East Liverpool was top man among the big schools, and Dick Ricketts of Belle Center the Class A choice. Cunningham is on the Yankee squad, Ricketts with the Rebels.

Dale Reichenbach of Elyria and Pete Prokop of Youngstown Liberty will coach the North squad. In charge of the South are George Heller of Portsmouth's state championship, and Columbus Hines of New Lebanon Dixie.

Bill Rohr, former Massillon athlete who coached at Portsmouth High and Miami University before taking his current job at Northwestern, headlines the clinic teaching staff.

Others include Kenny Newlon of Canton Lincoln, Dan Baker of Northwestern (Wayne), Bernard Guilfoyl of Cleveland St. Joseph, Ned Endress of Akron St. Vincent, and Prokop, Clinic manager is Bill Satterlee of Akron South High School.

Members of the all-star squads, with their scoring averages for last season, are:

Davidson Averaged 18.5
NORTH: Charles Burns, Kent Roosevelt, 16; Jim Cox, Toledo Macomber, 20; Ken Cunningham, East Liverpool, 24.2; Don Davidson, Salem, 18.5; Bob Dwors, Mayfield Heights, 20.1; Jeff Gehring, Ottawa Hills, 21.8; Claude Graves, St. Marys, 12.1; Dave Guldin, Akron South, 12.7; Lee Johnson, Elyria, 19.7; Tom Rudolph, Sandusky, 10.3; Bill Santos, Cuyahoga Falls, 12.

SOUTH: Tom Bowman, Columbus Linden, 13.5; Jim Brown, Martins Ferry, 18; Steve Chase,

Athens, 17; Gail Evans, Urbana, 18.5; Mike Haley, Portsmouth, 20.3; Steve McCullough, Salem Local, 26.8; Jim Reed, Baltimore Liberty Union, 25.4; Dick Ricketts, Belle Center, 32.7; Don Rolles, Harrison, 30.4; Rudy Shively, Portsmouth, 11.3; L. C. Snow, Dayton Roosevelt, 22.

Unless the Ohio High School Athletic Association decides to approve further all-star games, this will be the last of the North-South cage classics. The NCAA has ruled that boys participating in all-star games not approved by the state association will lose a year of collegiate eligibility.

W. J. McConnell, state commissioner, said the state board probably will consider the subject again following the National High School Federation meeting at French Lick, Ind., July 2-5.

Seeks to Collect \$25,000

'Bevo' Sues Promoter In Contract Dispute

GRAND RAPIDS, Mich. (AP)—Clarence (Bevo) Francis, the former Ohio basketball great, has testified in court that he played with instructions not to win when he was with the Bevo All-Stars, a team set up to furnish opposition for the Harlem Satellites.

Sues For \$25,000
The 6-foot-9 Francis testified Thursday before Circuit Court Judge Fred N. Searl in his suit to collect \$25,000 on his 2½-year basketball contract with Ted Rasberry, local sports promoter who owned the Satellites.

Francis said he has received nothing on his alleged \$12,000 a month contract since April 1959, when the Bevo All-Stars broke up. Francis testified he played between 25 and 30 games for Rasberry, averaging about 35 points per game, and that Rasberry eventually began to pay his salary irregularly. But eventually, he said, "I spent more money on long distance telephone calls to Mr. Rasberry than I was receiving in pay."

Had To Recruit Players
For a time, Francis testified, he was about the only all-star on Rasberry's touring team, and he had to recruit players from colleges and high schools where the Satellites were playing.

Bevo, who averaged 47.1 points in 39 straight victories for Rio Grande (Ohio) College several years ago, went to work part-time as a kiln fireman in a pottery plant near his Wellsville, Ohio, home when the all-stars folded.

He has been living on unemployment compensation checks since last November, he said.

But Thursday night the Cleveland Pipers of the American Basketball League announced they had signed Francis, on a tryout basis, for next season. Bevo said the contract calls for \$1,600 a month over a five-month season.

ALLIANCE to Host Hot Stove Tourney
ALLIANCE, Ohio (AP)—The annual state Hot Stove Baseball League tournament will be held here Aug. 5-6 and 12-13. Champions in five age groupings from 8 through 18 will be crowned. Sectional tournaments will be held July 22-23 and 29-30 in Akron, Lorain, Ravenna and Salem.

Reds Gain Half Game Lead in NL

Pirates Rap Braves 8-2 In Seven Inning Tilt; Cards Edge Giants

By The Associated Press
Cincinnati gained a half-game lead in the National League race while idle Thursday as St. Louis beat San Francisco 7-6 and knocked the Giants out of a first place tie. Pittsburgh rapped Milwaukee 8-2, in a game called after seven innings because of rain, and the Chicago Cubs beat Philadelphia 10-3.

Lose Four of Last Five

Milwaukee, given a tongue-lashing by Manager Charlie Dressen after some horse play on a bus, now has lost four of its last five games.

Lew Burdette took the rap in this one, and was tossed out of the game after arguing with umpire Bill Jackowski. The flare up came when Jackowski disapproved of a high-tight pitch to Roberto Clemente—the first Buc to face Burdette after Dick Groat had hit a two-run homer in the fourth inning.

Groat and Smoky Burgess, who hit two homers, each drove in three runs as the Pirates tagged Burdette (4-4) for seven of their

10 hits. A sacrifice fly by Frank Thomas and a single by Joe Torre drove in the Braves' runs before southpaw Harvey Haddix (4-1), allowing eight hits and striking out seven, started a run of six shutout innings.

Billy Martin Traded

Milwaukee traded utility infielder Billy Martin to the Minnesota Twins of the AL Thursday night. In his blow up, which followed Sunday's doubleheader split against last place Philadelphia, Dressen told the Braves "some of you guys won't be with us" after the June 15 trading deadline.

The Giants, down 6-0, almost pulled it out in the ninth against the Cards. Felipe Alou and Willie McCovey hit solo homers off reliever Lindy McDaniel before Al Ciochetti came on and got Orlando Cepeda on a grounder for the final out. Cepeda had homered in the sixth off winner Ernie Broglio (5-5). The Cards scored five in the fifth off loser Mike McCormick (5-4), then scored the clincher on Julian Javier's single in the sixth against reliever Ed Fisher.

George Altman and Don Zimmer hit home runs and each drove in three runs as the Cubs won four in a row for the first time. Frank Sullivan (2-6) was the loser while Glen Hobbie won his third.

Gophers Vote In Bowl Pact

MINNEAPOLIS (AP) — After having fought the proposal for years, the University of Minnesota Thursday did an about face and approved renewal of the Big Ten contract with the Rose Bowl.

The reversal came by a surprise 70-42 ballot of the Senate, athletics governing body. The vote means an end to the longtime 5-5 split of conference colleges on the bowl question.

Relations of the loop with the

Pasadena, Calif., New Year's Day football game had been on a permissive basis for several years following lapse of the formal contract. Big Ten schools had been allowed to play if invited.

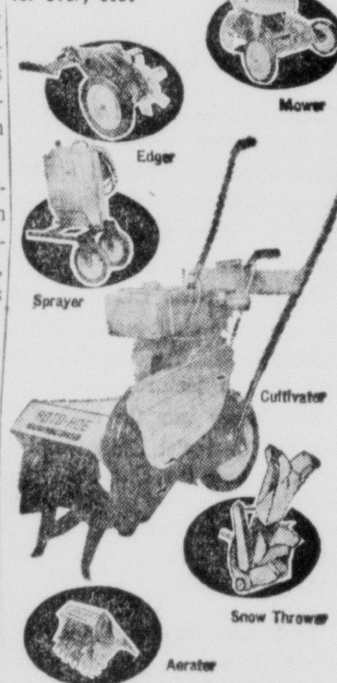

Ike Armstrong, athletic director, said he was most happy with the result. He said it "should better the method of team selection, once a new, formal contract is drawn."

Carry Back Favored to Capture Belmont Stakes; Entries Not Set

By ORLO ROBERTSON
Associated Press Sports Writer
NEW YORK (AP) — The Belmont Stakes will be run for the 83rd time Saturday and it's odds on that Carry Back will be in front at the end of the testing 1½ miles and become the ninth horse to wrap up the coveted triple crown for 3-year-olds.

Post Time 3:50 p. m.
Post time for the longest leg of the triple crown series, which also includes the Kentucky Derby and Preakness, is 3:50 p. m. Eastern Standard Time. The race at Belmont Park, will be nationally televised (CBS) from 3:30 to 4 p. m.

Whether the odds on Katherine Price's darling of the thorough-

breeds are 4-5, 3-5 or less depends on the names of the opposition dropped into the entry box today.

Robert Lehman's Ambioipse is the question mark that could well cause a shift in the odds. The son of Ambiorix, whose offspring of ten have shown an erratic tendency, won last Tuesday's Jersey Derby at Garden State by 10 lengths. Earlier in the season he also easily won the Gotham Stakes. But he was far back of Carry Back as the little Florida-owned brown son of Saggy ran to victory deep in the home stretch of the Kentucky Derby.

Lehman and trainer Tom Waller said they would make a last-minute decision.

Ambioipse Entered
"Whether Ambioipse is entered makes no difference to us," said Carry Back's trainer, Jack Price, after sending the favorite out for a five-eighths of a mile blowout with jockey Johnny Sellers in the saddle.

The field for the classic received an unexpected increase Thursday when trainer Harold Young announced that Jacob Sher's Sherluck will be in the post parade.

Slated to round out the field were, Ethel D. Jacobs' Dr. Miller, King Ranch's Bal Musette, Ogden Phipps' Hitting Away, Flatterby from the Alberta Ranches, and Mrs. R. L. Dotter's Guadalcanal.

Dickenson's Record-Tying 63 Leads Memphis Golf Tourney

MEMPHIS (AP) — Advice from the top may be finally paying off for Gardner Dickenson, whose record-tying 63 made him the man to beat going into today's second round of the \$30,000 Memphis Open Golf Tournament.

Dickenson, a slightly built pro, took a tip from PGA champion Jay Hebert and used it in fashioning Thursday's round of 30-33 that gave him a one-stroke lead over Don Whitt.

Four others, including defending champion Tommy Bolt, were next at 66 as 24 in the field of 91 pros and amateurs broke par over the 6,423-yard, 34-35-70 Colonial Country Club course.

Top money winners Gary Player and Arnold Palmer are not here because of a rhubarb.

"Jay told me during a practice round to stand closer to the ball,"

Dickenson said. "It looks as if it helped. If a few of those putts had gone in, I'd really have had a round."

It was the second straight day for Dickenson to tie the course competitive record. His 63 Wednesday was in a pro-am and doesn't count in the tournament.

Player and Palmer wanted to play in the Canada Cup International matches, now going on, but the PGA-sponsored Memphis Open wouldn't release them. So they're sitting out the week.

Bob Rosburg, chairman of the PGA Players' Committee and one of the biggest backers of Memphis's stand, had a 67 Thursday, along with six others, including hometown favorite Cary Middlecoff. Six others had 68s.

The field will be cut to the low 70 and tied after today's round.

Bernie Allen Inks Contract With Twins

EAST LIVERPOOL, Ohio (AP) — Bernie Allen, 22, of East Liverpool, football and baseball star at Purdue University, has been signed to a baseball contract by the Minnesota Twins of the American

Bernie Allen

League for a \$50,000 bonus.

Allen, a left-handed hitter, played shortstop and batted .375 for Purdue during the Big Ten season just closed. He is to report to Charlotte of the Class A Carolina League, a Minnesota farm club, where he is expected to be used as a second baseman.

One of the leading quarterbacks in the Big Ten last fall, Allen helped guide Purdue to a 21-10 victory over Minnesota, the Gophers' only loss during the regular football season.

Dick Wiencek, a scout in the midwestern states for the Twins, signed Allen, who graduated in 1957 from East Liverpool High School where he starred in football, basketball and baseball.

The 6-foot-1, 173-pound athlete was sought by several other major league clubs.

Indians Playing At '60 Clip, Remain Lower In Standings

CLEVELAND (AP)—The Cleveland Indians are playing with the same rate of success as they did early last season, but are not doing as well in the American League standings.

After winning 26 of their first 43 games last season they were in a tie for first place with the Baltimore Orioles. But their identical 26-17 record this year has them in second place, two games behind the Detroit Tigers.

Second baseman Johnny Temple is the team's leading hitter this season with a .340 average, while at this time last year he had a .271 mark. John Romano has a .336 average compared with .236 and Vic Power is batting .286 and has 27 runs batted in compared with .324 and 26 RBI at this stage last season.

Jim Piersall's .336 average is 20 points higher than in the first 43 games last season, but last year at this time he had hit seven homers and driven in 28 runs, compared with two and 18 this season.

TV Showman May Purchase White Sox

CHICAGO (AP)—Controlling interest of the Chicago White Sox may be in the hands of entertainer Danny Thomas and his associates within a week.

Bernard Epton, Chicago attorney and one of the prime organizers of the Thomas syndicate, Thursday made an offer to purchase 54 per cent control of the Chicago American League club. Epton, 39, mentioned no price, but it was understood to be between \$4,800,000 and \$5,000,000 for the same block of stock that was sold to Bill Veeck and his associates for \$2,700,000 in 1959.

Announcement of receipt of the Epton-Thomas offer was made jointly by ailing White Sox President Veeck, Hank Greenberg, vice president, and board member A. C. Allyn Jr. Veeck and his associates are considering the offer, but Veeck said an option to purchase has not yet been signed by the parties concerned. A decision is expected to be reached by Monday, Veeck said.

Epton said his group originally sought to buy both the 54 per cent holdings of the Veeck syndicate and the 46 per cent held by Chuck Comiskey. However, Epton said, Thursday's bid did not include an offer for Comiskey's stock.

Walt Bellamy, Indiana center, led the Big Ten in basketball rebounds last season with 247 in 14 games.
